IN SUPPORTING CHERISHED PETS

The Foundation hosts an annual Charity Golf Day to support an issue and/or organisation important to the Foundation. This event is an opportunity to raise funds and is a platform to increase awareness among our business partners about the Foundation's impactful work within the communities where we live and work.

This year, our focus is on supporting Cherished Pets.

Cherished Pets provides veterinary care and social services that support the health and wellbeing of both pets and people who are vulnerable. Their work helps people impacted by homelessness, domestic and family violence, mental health challenges, disability, and ageing-related barriers, ensuring they can stay connected to their beloved companion animals. Funds raised will help expand Cherished Pets' vital crisis care services.
